I understand that Kyrgyzstan has a zero-tolerance policy toward driving under the influence of alcohol or narcotics. I understand that if I consume ANY alcohol and drive that I may be subject to arrest, severe fines, imprisonment, or detention and that my insurance will be voided in the event of an accident. In the event of any incident involving alcohol or narcotics, Pamir Jeep Rentals reserves the right to take back possession of the car without refunding the client. I understand that in the event of damage to the car while alcohol or narcotics are present in my system in any amount that I am liable for the total value of damage to the car as well as lost income from that car.

Addendum 2: Insurance– To be signed upon receiving the vehicle
I understand that in the event of any damage to the car exceeding 500 eur in repair costs it is my responsibility to obtain a police report and to immediately communicate the nature of the damage and the circumstances to Pamir Jeep Rentals. In very remote areas assistance should be obtained in the next town or village and many photographs, both close up and from a distance, should be taken of the place of the accident. This applies with multiple vehicles involved and with single car collisions. Failure to obtain a police report may result in me being liable for the total cost of the damage.

Addendum 3: Accident and company property - To be signed upon receiving the vehicle
I understand that in the event of any accident-causing death or injury, PJR is released from any kind of obligations. I understand and agree to respect the property of Pamir Jeep Rentals, acknowledging that the vehicle provided is intended for travel and exploration, not for extreme off-road expeditions. This includes avoiding activities such as crossing high rivers or driving into remote or hazardous areas where standard vehicles cannot reach, as such actions may result in serious damage. I accept that in the event of damage caused by reckless or inappropriate use, I will be held fully responsible for the cost of repairs, as well as any loss of income due to the vehicle being out of service. Additionally, I understand it is my responsibility to regularly check the engine oil level, coolant, and look out for any potential leaks during the rental period. Neglecting these basic maintenance checks can lead to serious mechanical issues. Do not take unnecessary risks – both your safety and the vehicle's condition are your responsibility.
